Falling hair means weak hair. Then strengthen your hair; feed it with the only hair food, Ayer's Hair Vigor. It checks falling hair, makes the hair grow, completely cures dandruff. And it always restores color to gray hair, all the rich, dark color of early life.

The Yellow Fever Situation.

The situation in New Orleans is not quite as bright as it was a few days ago. The number of deaths as well as the number of new cases is growing larger and the disease has taken hold at points nearby, one case having developed at Shreveport and one at Montgomery, Ala. Many states are quarantining against New Orleans and Louisiana.

In this connection it would be well for people from this part of the State who are going North to provide themselves with a health certificate, which would likely save them annoyance and delay, as many trains will be stopped and passengers detained who have no certificates.

Daytona Loses at DeLand.

The Daytona ball team went to DeLand Thursday to play two games, one in the morning with Titusville and in the afternoon with DeLand. The morning game was lost by a score 2 to 0, by a series of the rankest decisions on the part of the umpire. It was so rank that even the Titusville players acknowledged that Daytona was robbed. It was also openly stated that the umpire had money up on Titusville.

The afternoon game with DeLand was played in the rain and resulted in a tie 4 to 4. The grounds were in such condition for this game however, that neither team could play ball. It was simply a swipe at a water-soaked ball and a run in the mud.

Next Thursday DeLand will play at this place and a week from Thursday Miami will be here.

Walter Christie, the racer, who made phenomenal time at this place last January has been making some record time at Cape May. Last Saturday, in the presence of ten thousand spectators, he drove his machine a mile in 38.25 seconds and a kilometer in 25 seconds. But there is no danger of our own records ever being touched on any Northern track. Cure of Bilious Disease.

Robert O. Burke, Elmira, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from 12 to 20 times a night, and was all bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 20 cent bottle worked wonders and before I had taken the third bottle the dropsy had gone as well as all other symptoms of Bilious disease. Sold by all druggists."
